

- Facility management
- Atrium access
- Narrow access
- Best quality & safety
- Easy transport & propelling
- Low weight & ground pressure
- Flexible outrigger setting
- Limited setup space
- Power - Bi-energy Hybrid
- Variable tracked chassis

The ultimate compact platform

The new articulated Falcon Spider Track Lift FS 108Z Vario, sets new standards. The Falcon Spider Track Lift FALCON 108Z Vario is the highest articulated Z-boom on the market.

The Falcon Spider Track Lift FALCON 108Z Vario is an original Falcon Spider Lift with market leading features. The Falcon Spider was invented in the 1970's, and developed ever since. The Falcon Spider Track Lift FALCON 108Z Vario is very applicable in matters of:

The articulated Z-boom, with four section telescopic system and 110° rotation jib, offers the user a superior working envelope. Maximum working height is 108' and 62'4" reach at an up and over height of 36 ft'.

The track chassis with variable width from 4'1" to 5'2", offers impressive flexibility.
